

We were pleased to have [Marilyn Adler, CFA](#) represent Mizzen Capital at the [iGlobal Forum](#) Independent Sponsor Dealmakers Meeting held on April 21 in New York.

The event brought together a strong network of independent sponsors, investors, and industry participants, fostering insightful discussions around deal origination, structuring, and evolving market dynamics.

At Mizzen Capital, we value opportunities to engage with the broader investment community and exchange perspectives that support disciplined and thoughtful investing. We look forward to continuing these conversations and building meaningful partnerships.
