Mizzen Funds Completes Financing for an Electric Grid Infrastructure Services Provider

Stamford, CT – September 11, 2026 – Mizzen, a leading private credit investment platform, is pleased to announce that the funds it manages have provided \$6.1 million on August 31, 2026, in the form of a term loan and equity investment to an electric grid infrastructure construction services provider (the “Company”).

The Company is a vertically integrated provider of electric grid infrastructure construction services. Through its complementary electrical and civil construction capabilities, the Company offers customers a comprehensive solution for technically complex transmission-line and substation projects.

“The United States is investing in national grid expansion due to rising electricity demand. We look forward to supporting the Company’s operating platform and growth initiatives,” said the Company’s sponsor.

“We were attracted to the Company’s complementary service capabilities, experienced workforce, and position within the electric grid infrastructure market. This investment reflects Mizzen’s commitment to providing flexible capital to companies that deliver essential services,” said Marilyn Adler, Managing Partner at Mizzen.

About The Company

The Company is a vertically integrated electric grid infrastructure construction services provider operating across the United States. It delivers electrical and civil construction services for transmission lines, substations, renewable energy facilities, and related power infrastructure. Its rapid-deployment model allows it to mobilize crews for technically complex projects nationwide

About Mizzen Management LLC
